# MOELLER STONE CARE

## PRODUCT SPECIFICATION

### HMK® R161 - PORCELAIN TILE CLEANER

- **Special cleaner for glazed, unglazed, polished, honed and natural effect porcelain tile surfaces.**
- **Removes oily and greasy deposits, general construction dirt and film built up from regular cleaning products.**
  - **For interior and exterior use.**

HMK® R161 is a special concentrated alkaline based cleaner that removes oily and greasy deposits, general construction dirt, light cement film and film built up from regular cleaning products from glazed, unglazed, polished, honed and natural effect porcelain tile surfaces. Polished surfaces will not be damaged. For interior and exterior use.

**Instructions:** If under floor heating exists, switch it off and allow the surface to cool. Plants and all adjacent surfaces must be well protected from splashes. Apply HMK® R161 diluted with water (1:2 to 1:10) depending on the intensity of the dirt. Use a scrubbing brush, stiff hand brush or suitable pad to work HMK® R161 into the surface. Leave for around 10 minutes but do not allow to dry. Scrub the area again and remove the dirty liquid. Afterwards rinse the area thoroughly with clean water. For ingrained and stubborn dirt repeat the treatment.

When using a wet vacuum we recommend that you add HMK® Z702 Defoamer to the water to regulate the amount of foam.

**Important:** Do not apply on polished marble and limestone, aluminium, plastics, polished or waxed wood and lacquered areas. If these areas are splashed, remove splashes and rinse thoroughly with clean water.

**Coverage:** About 10-80m<sup>2</sup>/litre.

**Warning:** Chemical product. Contains sodium hydroxide. Corrosive. Avoid eye/skin contact. If exposed, wash/flush with water. Keep out of the reach of children. See Material Safety Data Sheet for more detailed information.

**Packaging:** 12 x 1 litre bottles/box; 2 x 5 litre cans/box; 2 x 10 litre cans/box.

**Storage:** Store in a cool place. Keep lid tightly closed.

**Testing:** Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. Do not use the product in temperatures below 12° and above 25°C.

**Limitation of liability:** The liability of HMK® Moeller Stone Care for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care shall not be liable for any consequential damages. No other warranty or representation is made or implied.
