MOELLER STONE CARE

PRODUCT SPECIFICATION

HMK® P330 - TERRACOTTA OIL

- **Special color enhancing oil treatment for all terracotta, clay and brick tiled surfaces.**
 - **Made from natural oils.**
- **Enriches the color and structure and reduces the penetration of water and dirt.**
 - **For interior use only.**

HMK® P330 is a ready to use terracotta treatment made from natural oils that enrich and protect the color and structure of terracotta, brick and clay tiled surfaces. Porous surfaces become more water and dirt repellent and easier to maintain. HMK® P330 is not hazardous to health. For interior use only. Do not use in wet areas such as shower cabins.

Important: Use HMK® P328 Terracotta Wax - natural or HMK® P329 Terracotta Wax - brown to optimize color and enhance the shine. Allow HMK® P330 to cure for 24 to 48 hours before applying HMK® P328 Terracotta Wax - natural or HMK® P329 Terracotta Wax - brown.

Instructions: If under floor heating exists, switch it off and allow the surface to cool. Clean the surface thoroughly and let it dry (max residual moisture of 2-4%). Shake well before use. Apply HMK® P330 thinly and evenly with HMK® Z950-Z951 Application Brushes, a soft paintbrush, a roller with short fibres or a lint free cloth. Leave HMK® P330 to settle and remove any excess treatment by hand using a cloth or paper towel and clean the surface with HMK® R155 Intensive Cleaner - acid free diluted about 50ml per 10 liters of water. Repeat treatment for highly absorbent surfaces and periodically as required.

For some denser surfaces, HMK® P330 should be allowed to penetrate undisturbed for 6-12 hours.

To clean thoroughly before treatment and to periodically refresh the surface use HMK® R155 Intensive Cleaner - acid free. For regular cleaning and continued protection use HMK® P324 Liquid Stone Soap, a no-rinse natural product and HMK® P326 Terracotta Care.

HMK® P330 can be stripped with HMK® R154 Stripper - Stain Remover.

Coverage: About 5-15m²/litre.

Warning: Chemical product. Contains special paraffin oils. Ensure adequate ventilation during application. Avoid eye/skin contact. If exposed wash/flush with water. Keep out of the reach of children. See Material Safety Data Sheet for more detailed information.

Packaging: 12 x 1 litre bottles/box; 2 x 5 litre cans/box; 2 x 10 litre cans/box.

Storage: Store in cool place and ensure the lid is kept tightly closed.

Testing: Always test the product in an inconspicuous area to evaluate suitability, coverage and performance. Do not use the product in temperatures below 12° and above 25°C.

Limitation of liability: The liability of HMK® Moeller Stone Care for defective products and any claims for damages whatsoever is limited to the purchase price of the products. HMK® Moeller Stone Care shall not be liable for any consequential damages. No other warranty or representation is made or implied.
